# MY WEBSITE

# INTERNSHIPS

I did photography and videography internships in the past.

My main role in COAZ magazine and AquilaStyle was assisting in the photoshoots and taking care of the models. I also assisted in organising the events.

During my internship with Harrison Academy, I forwarded my ideas for the summer video and also edited the summer video for the school.

I currently still am looking for internships to extend my work experience and my knowledge in the industry.
