HOW MY WEBSITE FITS THE MARKET PLACE

INTERNSHIPS/PLACEMENTS (SO FAR)

No proper internships/placements as of yet but have applied for positions at:

1. BBC – radio internship
2. Channel 4 – social media editor
3. Social media editor for a company I found on LinkedIn.

I ideally hope to do something that involves working in print but I am also happy to work in social media or broadcast journalism as I enjoy those areas just as much!

Contains all the experience I have had so far in my life.

It shows all the skills I am good at and highlights some of my strengths and shows what I can do!

It is of a similar design to my website so when put together, it gives it a cool and professional look.
